Muhammad Zunnurain Hussain

has successfully completed the online, non-credit Professional Certificate

Google Cloud Security

In this Professional Certificate, learners explored managing identity and access, defining organizational structure and policies, configuring network security, and collecting and analyzing logs in Google Cloud to prepare for the role of a Cloud Security Engineer.

Google Cloud Training

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
