Muhammad Zunnurain Hussain

has successfully completed the online, non-credit Professional Certificate

Preparing for Google Cloud Certification: Cloud Network Engineer

In this Professional Certificate, learners explored and practiced the skills needed to be a Cloud Network Engineer. They learned about implementing VPCs, hybrid connectivity, network services, and security for established network architectures on Google Cloud.

Google Cloud Training

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
